IT may hardly be necessary to observe, that this List of Names is printed *solely for the private use of the members of the Church.* It is believed, that it may be very serviceable to them, as a means of acquiring and preserving that knowledge of one another, which is so necessary for the cultivation of a spirit of brotherly love, and for many other practical purposes.

In looking at the first part of the List, it may appear strange, that comparatively few names should stand under some of the several years, and that under others there should be no names at all. But this will be explained by considering, that only the names of the *surviving* members of the Church are inserted in the List,—many who became members during those years, having deceased previous to 1815.

Of the three marks, which occur in the following List, the first [*] is used to designate those who have deceased since March, 1815—the second [‡] those who have been excluded by vote of the church—the third [†] those who have removed their relation from this to some other Christian Church.

Portsmouth, Jan. 8, 1828.

The First or North Church was gathered A. D. 1671, and was the only Church of Christ in Portsmouth from that period till A.D. 1715.
